

# Keeping the Faith: Family History Research in Nashville's Religious Archives

Located in the buckle of America's Bible belt, Nashville, Tennessee is home to several major repositories of religious records. Denominational archives, publishing boards, and local congregations offer a wide array of research opportunities. In addition to documenting denominational histories, religious archives also preserve information that tells the stories of the individuals and families who comprise each faith. This workshop provides an overview of historical records, manuscripts, and other documents in Nashville's religious archives.
